

Hurrycan® Packaging Series

- ▶ Modern, timeless packaging design to dynamically drive sales of high-quality automotive consumer goods

Mauser Packaging Solutions Hurrycan®

With its modern and dynamic design, Mauser Packaging Solutions Hurrycan® bottles and jerrycans have become a timeless classic when it comes to packaging high quality automotive consumer products. Numerous renowned clients rely on Mauser Packaging Solutions Hurrycan® packaging series to accelerate sales of their products.

Whatever you look for to be packed, Mauser Packaging Solutions Hurrycan® bottles and jerrycans are available in the right size. With volumes from 100 to 5000ml Mauser Packaging Solutions Hurrycan® bottles and jerrycans come in a wide range of sizes and in dimensions fitting pallet and shelf standards well. Various modern closure systems are to be used with Hurrycan® standard dimensioned openings. Recessed label panels guarantee optimum labeling possibilities.

Characteristic Features

Body: One piece extrusion blow molded from high density polyethylene (HDPE). Incorporated translucent view stripe in combination with easy readable volume scale. Large recessed labeling panels.

Standard color: Anthracite, black, silver or white.

Closure systems: Screwable 38mm standard and 50mm spout closures with tamper evidence ring. Black and red as standard closure colors.

Options: Bodies and closure systems in manifold colors. Customized labeling applied by Mauser Packaging Solutions. Spout version of 50mm closures and nozzle version with 38mm closure systems.

Specific Advantages

- ▶ Dynamic packaging design to promote your products
- ▶ Light weight but robust packaging that offers high product protection
- ▶ Suitable for a broad spectrum of automotive consumer products like lube oil, anti-freeze or brake fluid
- ▶ Dimensions and openings to fit modern filling lines as well as pallet and shelf standards
- ▶ Standard design series available in various sizes from 100ml to 5000ml
- ▶ Available in manifold colors and with customized labeling
- ▶ Large recessed and asymmetrical label panel for customized labeling
